# A RARE BREED

KAROO RACNHING hosts a stud of elite endurance horses belonging to an internationally renowned horsewoman, Laura Dixon, formerly Laura Seegers, from Graaff-Reinet.

The Perseverance (PSV) Stud has special Arabian bloodlines including South African Old English lines to preserve a precious genetic heirloom.

These authentic horses are well suited to our incredibly mountainous and rocky terrain where they are often required to climb to high-lying areas to bring home stray cattle.

They are incredible endurance athletes with gentle dispositions.

What makes the PSV stud particularly special is that none of the horses are shod and run completely barefoot. They have won many ultra-distance races.
